Sridhar Babu seeks stronger industrial ties with Tamil Nadu

Hyderabad, Oct 15: Minister for IT and Industries Duddilla Sridhar Babu on Thursday invited Tamil Nadu's industry to partner in Telangana's growth, describing the two states' strengths as complementary rather than competing. He was delivering the keynote address at the Chennai Roadshow of the Invest Telangana Global Summit 2026, organised with the Confederation of Indian Industry (CII), at ITC Grand Chola.

"We have not come to Chennai to compete with Tamil Nadu. Tamil Nadu has its strengths, and they are formidable. Telangana has its own. We have come with humility, to ask you to be part of our journey," the Minister said. Presenting Telangana as India's youngest state, the Minister highlighted Hyderabad's rise as a global technology hub and home to a fast-growing community of Global Capability Centres, Genome Valley's production of a third of the world's vaccines, the state's aerospace manufacturing base and T-Hub, one of India's largest startup ecosystems.

On the sidelines of the roadshow, Sridhar Babu held one-on-one meetings with senior industry leaders and interacted with diplomats and trade representatives from Taiwan, Singapore, Japan, Australia, Sri Lanka, Russia, Thailand and Malaysia, discussing investment and collaboration opportunities in Telangana.

Revanth urges farmers to Skip Summer Crops

Hyderabad, Oct 15: Chief Minister A. Revanth Reddy has urged farmers to refrain from cultivating summer crops and consider postponing cultivation for one season in view of the looming El Niño threat. He cautioned farmers against being misled by rumours and urged them not to believe unverified information. The Chief Minister said farmers and agricultural labourers were facing difficult circumstances and that the government was taking steps to support farm workers through the Mahatma Gandhi National Rural Employment Guarantee Scheme (MGNREGS). He directed officials to engage employment guarantee workers in desilting and preparing tanks and ponds ahead of the next monsoon season. He also called for coordinated efforts by the Centre and the State government to tackle the challenges posed by El Niño.

Speaking to the media at the Secretariat on Thursday after a meeting with Ministers to review the El Niño situation and its likely impact on Telangana, the Chief Minister said the phenomenon posed a serious threat globally, with the United Nations indicating that around 100 countries were affected. Warning that El Niño could lead to severe water scarcity and affect all forms of life, the Chief Minister said the State government had drawn up an action plan to address the situation and was taking measures to provide relief to farmers.

He announced that an all-party meeting would be convened after Dasara under the leadership of Deputy Chief Minister Bhatti Vikramarka to deliberate on the challenges posed by El Niño.

Following consultations with political parties, the State government would meet senior leaders of the Union government to seek support in tackling the situation, he said.

Revanth Reddy said a Cabinet sub-committee headed by Bhatti Vikramarka had been constituted to hold regular discussions on the evolving situation. A nodal officer would also be appointed to provide daily updates on developments and the measures being taken to address the potential crisis.

Governor calls for greater research, innovation in seed sector

Hyderabad,Oct 15: Governor ShivPratap Shukla on Thursday called for greater emphasis on research, technological advancement and innovation in the seed sector, with farmers' welfare at the centre of agricultural development. Addressing a commemorative programme honouring late Mandava Venkatramaiah, founder of Nuziveedu Seeds Limited, at Kandlakoya in Medchal–Malkajgiri district, the Governor said that innovations in agriculture must translate into tangible benefits for farmers, including higher productivity and improved livelihoods. The Governor paid floral tributes to Venkatramaiah's portrait and planted a sapling in his memory. Recalling the founder's contribution to the seed industry, Shiv Pratap Shukla said Venkatramaiah had demonstrated vision and commitment by recognising farmers' needs and advancing agricultural development through an emphasis on quality, reliability and innovation. His life exemplified how professional success could acquire greater significance when directed towards social good and the betterment of people's lives, he said.

Describing farmers as the backbone of the country's economy, the Governor said their hard work and dedication were fundamental to India's food security. He stressed the need to strengthen scientific research, promote modern agricultural technologies and develop quality seeds to enhance farm productivity and improve farmers' economic conditions.

El Niño impact: CS conducts field inspection

Hyderabad,Oct 15: Chief Secretary Sanjay Jaju on Thursday began a field visit to assess the changing weather conditions associated with the anticipated El Niño impact and their implications for water availability across the State. As part of the visit, the Chief Secretary inspected water availability in the Singur and Manjeera reservoirs >> Page...2

Yadadri plant chief engineer suspended

Hyderabad, Oct 15: The chief engineer of the Yadadri Thermal Power Plant at Dameracherla, Suresh Naik, has been suspended for alleged negligence in power generation.

The State government has also appointed five IAS officers as special officers to oversee power generation and coal supplies at the plant. Harikishan, Venkatesh Dotre, Rahul Raj, Hanumanth Kondiba and Sivakumar Naidu have been assigned the responsibility of monitoring operations.

The action comes in the wake of Chief Minister A. Revanth Reddy expressing displeasure over power disruptions and warning officials that even IAS officers would face suspension if found negligent in discharging their duties.

Vivek promises strict reforms, transparency in labour dept

Hyderabad, Oct 15 : Minister for Labour, Mines, and Geology G. Vivek Venkatswamy has announced a major overhaul of the state Labour department following allegations of fraud and irregularities in claim settlements. Speaking to the media at the Secretariat on Thursday, the Minister revealed that the government has launched a full-scale scrutiny of all compensation claims filed under the Telangana Building and Other Construction Workers Welfare Board dating back to 2018.

The move follows allegations that bogus documents and fake death certificates were used to fraudulently siphon off funds.

"A robust mechanism will be put in place to ensure that every rupee meant for workers' welfare is utilized properly," Vivek said, emphasising that no official found guilty will be spared, regardless >> Page...2

KTR alleges ₹3,000 crore scam in proposed coal imports

Hyderabad, Oct 15: BRS working president K.T. Rama Rao has accused Chief Minister A. Revanth Reddy of deliberately creating conditions for a coal and power crisis to pave the way for a ₹3,000 crore scam through proposed foreign coal imports.

He charged that the government was weakening Singareni Collieries Company Limited while preparing to facilitate expensive imports through questionable arrangements involving Bhotra Logistics.

In an open letter on Thursday addressed to Chief Minister Revanth Reddy, Deputy Chief Minister Mallu Bhatti Vikramarka and Union Coal Minister G. Kishan Reddy, KT Rama Rao demanded that all details relating to the proposed imports, including discussions, tender documents, draft agreements, pricing and the selection of Bhotra Logistics, be made public. KTR alleged that the proposed arrangement could involve commissions of ₹1,500 per tonne, potentially translating into a ₹3,000 crore scam. He demanded an independent investigation >> Page...2

Singareni will not be privatised, asserts Sridhar Babu

Hyderabad, Oct 15 : Minister for IT and Industries D. Sridhar Babu on Thursday categorically ruled out any move to privatise Singareni Collieries Company Limited (SCCL), asserting that the Congress government was committed to protecting the public sector coal mining company. Speaking to the media at the CLP office, the Minister launched a sharp attack on BRS working president K.T. Rama Rao, questioning why he had remembered Singa reni only after 12 years. >> Page...2

Kavitha alleges 15% commission demand from CMO

Hyderabad, Oct 15: Telangana Rakshana Sena (TRS) chief K. Kavitha has accused the Chief Minister's Office (CMO) of becoming a centre for alleged commission-based dealings, claiming that officials were demanding a 15 per cent commission for every work and issuing threats to those concerned. In a post on X on Thursday, Kavitha described the alleged practice as shameful and accused the government of bypassing rules to benefit the Chief Minister's associates and close aides. She alleged that contracts were being awarded to ineligible persons to extract commissions, describing the alleged practices as exploitation of the public rather than governance. She warned that the people of Telangana would not tolerate such alleged irregularities. Questioning how such activities could take place from the CMO itself, Kavitha said the Chief Minister was expected to protect the interests of the public and the business community. She warned that those allegedly threatening people and demanding commissions would not be spared. The TRS chief asserted that her party would take action against all those involved in the alleged irregularities if it came to power. Kavitha also demanded that the Telangana government introduce a Women Farmers' Empowerment Act on the lines of legislation enacted by the Maharashtra government.

Singareni will not be privatised, asserts Sridhar Babu

(1st page Continuation..)

He alleged that the previous BRS government had treated the company as an "ATM" and accused KTR of making statements that could damage its reputation.

Sridhar Babu maintained that tenders in Singareni had been conducted transparently since the Congress government assumed office. He alleged that the criticism was being levelled by certain forces unhappy with the changes introduced by the present government.

Claiming that the previous BRS regime had left thousands of crores of rupees in dues to Singareni, the Minister questioned whether members of KTR's family had effectively controlled the organisation over the past decade.

He advised KTR to refrain from what he termed diversionary politics and blamed the decline in Singareni's production on the policies pursued by the previous BRS government. He also demanded that the BRS account for the promises made to Singareni workers during its 10-year tenure and disclose how many had been fulfilled. Sridhar Babu further alleged that the previous government had taken steps towards privatisation by handing over the Tadicherla coal block to a private company. Reiterating that the Congress government would not permit Singareni's privatisation, the Minister warned that any attempt to privatise the company would be opposed.

KTR alleges ₹3,000 crore scam in proposed coal imports

(1st page Continuation..)

into the proposals and questioned the basis on which Bhotra Logistics was being considered for the assignment. The BRS working president emphasised that the proposed imports had not yet taken place and insisted that all decisions and financial arrangements be disclosed before the process advances. KT Rama Rao questioned the decline in Singareni's coal production from approximately 70.02 million tonnes in 2023–24 to around 58 million tonnes in 2025–26. He demanded an explanation for the failure to strengthen domestic production, develop mines and ensure adequate coal supplies despite the predictable rise in electricity demand. He also sought a comprehensive, institution-wise account of the approximately ₹60,000 crore in outstanding dues reportedly owed to Singareni, asking the government to disclose the amounts due, payments received and pending liabilities.

Vivek promises strict reforms, transparency in labour dept

(1st page Continuation..)

of rank or position. A preliminary investigation led by the Joint Labour Commissioner has already resulted in the suspension of two officials. Following these initial findings, the government ordered a comprehensive inquiry by the Vigilance department, with a final report expected within one to two months, he said.

As part of administrative reforms, the Minister stated that claim settlement processes under the Welfare Board will be streamlined. Additionally, officials who have remained posted at the same office for years will be transferred shortly to ensure complete transparency.

Harish accuses Revanth of shifting blame for power crisis

Hyderabad, Oct 15: Former Minister and BRS Legislature Party Deputy Floor Leader T. Harish Rao on Thursday launched a scathing attack on Chief Minister A. Revanth Reddy, warning that the people and government employees would ultimately cost him his job.

Reacting to the Chief Minister's remarks blaming officials' incompetence for the power crisis and warning that they would lose their jobs, Harish Rao alleged that Revanth Reddy and his Ministers had made it a habit to commit mistakes and shift the blame onto officials.

"Was it not your failure to maintain coal stocks that led to the power crisis?" he asked, accusing the government of failing to conduct timely reviews and neglecting the power sector, resulting in power cuts. In a statement, the BRS leader questioned how the Chief Minister could hold officials solely responsible for the crisis while absolving himself of accountability.

Harish Rao said the Meteorological department and scientists had been warning about the likely impact of El Niño for the past nine months, but the government had failed to take preventive measures.

He accused Revanth Reddy of waking up only after the situation had deteriorated and resorting to threats of suspending officials.

Referring to the government's handling of the prohibited lands list, Harish Rao alleged that the government had committed mistakes but was now attempting to evade responsibility by blaming officials.

He said the Chief Minister was following the same approach in dealing with the power crisis by claiming that the government was not at fault and holding officials solely responsible.

While Revanth Reddy had described El Niño and COVID-19 as disasters, Harish Rao questioned why he failed to recognise the State's administration under the present government as an even greater disaster.

Adluri orders strict monitoring of provisions in residential schools

Hyderabad, Oct 15: Welfare Minister Adluri Lakshman Kumar on Thursday directed officials to strengthen monitoring mechanisms to ensure an uninterrupted supply of essential provisions to students in residential schools, colleges and hostels across Telangana. In a statement, the Minister said that with the tendering process for supplying provisions to institutions under the Telangana Social Welfare Residential Educational Institutions Society (TGSWREIS) and the Telangana Tribal Welfare Residential Educational Institutions Society (TGTWREIS) completed, officials must closely monitor the entire supply chain, from procurement and distribution to stock availability. He instructed the Secretaries of both societies to maintain adequate buffer stocks at every institution based on its requirements to prevent any disruption in the supply of essential provisions.The Minister also directed the officials to submit comprehensive monthly reports detailing supply status, stock availability, findings from field inspections, adverse media reports concerning the quality or availability of provisions, and corrective measures taken to address any issues.

Emphasising accountability, Adluri said that shortcomings identified during inspections must be rectified promptly and should not be allowed to disrupt the day-to-day functioning of the institutions.

El Niño impact: CS conducts field inspection

(1st page Continuation..)

and reviewed with senior officials the implementation of alternative plans formulated by the government to ensure uninterrupted drinking water supply to Hyderabad and the districts of Sangareddy, Kamareddy, Nizamabad and Medak. With water storage levels in the Singur and Manjeera reservoirs declining, the Chief Secretary directed officials to utilise available water resources efficiently and strengthen advance planning to meet drinking water requirements in the coming days. In view of falling groundwater levels, he emphasised the need for close monitoring of water consumption and directed officials to assess water availability for the next 15 days and take appropriate water management measures.

The Chief Secretary observed that temperatures were reportedly around 2–3 degrees Celsius higher than normal for the period and described the prevailing conditions as unusual for the season. He directed the concerned departments to closely monitor the impact of changing weather conditions on crops. Emphasising that the next 15–20 days would be critical for standing crops, Sanjay Jaju called upon farmers to remain vigilant and instructed Agriculture department officials to provide timely, field-level guidance to farmers to protect their crops.

The Chief Secretary directed the Electricity department to ensure an uninterrupted power supply for agricultural needs. He stressed that the Agriculture, Electricity, Irrigation and other concerned departments must work in close coordination, keeping the prevailing weather conditions and water availability in view.

He also instructed officials to personally assess ground-level conditions, interact with farmers and local residents to understand their requirements, and create public awareness about the precautionary measures being undertaken by the government.

EC Launches Voter Revision Drive in 17 States, UTs Amid SIR Row

The Election Commission on Thursday directed 17 states and Union Territories to conduct a Special Summary Revision (SSR) of electoral rolls under Section 21 of the Representation of the People Act, 1950, with January 1, 2027, as the qualifying date. Significantly, the Special Summary Revision aims to enrol eligible voters, particularly young and first-time electors, correct errors in existing electoral roll entries and improve the accuracy of voter lists. The EC said the revision will cover Andaman and Nicobar Islands, Assam, Bihar, Chhattisgarh, Goa, Gujarat, Kerala, Lakshadweep, Madhya Pradesh, Manipur, Puducherry, Punjab, Rajasthan, Tamil Nadu, Uttar Pradesh, Uttarakhand, and West Bengal. The EC further added that the schedule for SSR in States and UTs where the Special Intensive Revision (SIR) is ongoing or has recently been completed will be announced later. The Election Commission has directed the Chief Secretaries of all states to ensure that adequate manpower and resources are provided to all officials involved in the voter list revision process—including the Chief Electoral Officer (CEO), District Election Officer (DEO), Electoral Registration Officer (ERO), Assistant Electoral Registration Officer (AERO), BLO Supervisors, and Booth Level Officers (BLOs). The EC said it shall be the responsibility of the ERO for the respective assembly constituency to ensure that no eligible citizen is left out of the voter list and that no ineligible person is included.

According to the schedule issued by the EC, the rationalisation and rearrangement of polling stations will be completed by November 2, 2026 and the integrated draft electoral rolls will then be published on November 12. After this, the voters will be given a window from November 12 to December 11 to file claims and objections regarding the draft rolls and the disposal of these claims and objections is scheduled to be completed by December 28. The final electoral rolls will be published on January 4, 2027.

Why is Special Summary Revision significant?

The notification from the EC comes hours after the Supreme Court issued a notice to the ECI, CEC Gyanesh Kumar, Election Commissioners Sukhbir Singh Sandhu and Vivek Joshi on a petition filed by Rahul Gandhi and nine other INDIA bloc leaders challenging the Special Intensive Revision (SIR) of electoral rolls.

Moreover, the order from the EC comes at a time when protests are happening across the country over the Special Intensive Revision (SIR) of electoral rolls. And the Opposition parties are raising concerns about the deletion of names during the exercise, and one point of dispute has been the additional declaration that applicants had to submit with Form 6 while SIR was underway.

Apart from this, the Opposition, INDIA bloc parties, and the youth group Cockroach Janta Party (CJP) are protesting in the national capital and have demanded the removal of Chief Election Commissioner Gyanesh Kumar.

As per the notice by the Commission, UP, Uttarakhand, Punjab, Manipur and Goa are among 17 states where Special Summary Revision of electoral rolls will be held. It should be noted that the term of the 403-member Uttar Pradesh Assembly ends on May 22 next year, while the terms of 60-member Manipur, 40-member Goa, 117-member Punjab and 70-member Uttarakhand assemblies end on different dates in March 2027.

Delhi Police Issues Traffic Advisory Ahead of October 16 Tiranga March

Delhi Traffic Police has issued a traffic advisory ahead of a proposed gathering at Central Park in Connaught Place on October 16, warning commuters that traffic movement on several key roads in and around the area may be affected from 3 pm onwards. The advisory comes amid a call by Cockroach Janata Party (CJP) activists and other organisations for people to assemble at Central Park and hoist the national flag under the slogan 'Lehra Do Tiranga'. According to the traffic police advisory, roads likely to experience disruptions include Sansad Marg, Baba Kharak Singh Marg, Shaheed Bhagat Singh Marg, Panchkuian Road, Basant Lane, Chelmsford Road, Minto Road, Barakhamba Road and Kasturba Gandhi Marg. Other affected stretches may include Janpath, Rail Bhawan, Rafi Marg, C-Hexagon, Mandi House, Patel Chowk, Windsor Place, Gole Dak Khana, Ashok Road between GPO and C-Hexagon, Tolstoy Marg and Sikandra Road. Traffic restrictions and diversions will depend on the prevailing circumstances and may be implemented dynamically to manage vehicle movement, police said. Commuters have been asked to allow sufficient time to reach their destinations and opt for public transport wherever possible. Motorists should follow directions from traffic personnel and avoid parking vehicles along roadsides, using designated parking areas instead.

Where to check Delhi traffic updates

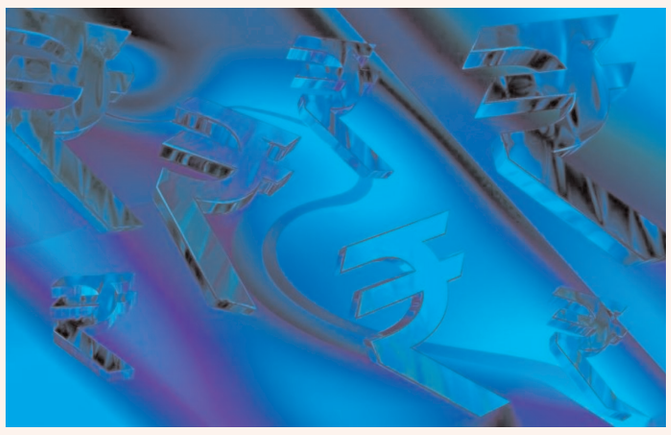

For real-time traffic information, commuters can visit the official Delhi Traffic Police website at traffic.delhipolice.gov.in or follow its official social media handles for updates on diversions and alternative routes.

For assistance, commuters can contact the Delhi Traffic Police helpline at 1095 or 011-25844444.

"The traffic situation may change depending on the gathering and the measures required to manage vehicle movement. Commuters are advised to stay updated and cooperate with traffic personnel," the advisory added.

BUSINESS

Indian rupee gains 32 paise to 94.85 against US dollar in early trade

New Delhi: The Indian rupee strengthened by 32 paise to 94.85 against the US dollar in early trade on Thursday, extending its recent gains amid continued support from the Reserve Bank of India's forex management measures and a softer greenback. The domestic currency opened at 94.91 against the US dollar. The rupee has benefited from the RBI's structural interventions in the foreign exchange market, liquidity-tightening steps and the unwinding of long-dollar positions by traders.

Earlier in October, the Reserve Bank tightened rules governing forex derivatives trades to curtail speculative bets against the rupee and asked banks to create a 20 per cent reserve for dollar purchases exceeding $2 million. In another set of measures announced earlier on the derivatives front, the RBI said authorised dealers should not permit users to rebook any foreign exchange derivative contract involving the Indian rupee, whether deliverable or non-deliverable, once it has been cancelled. The rupee had settled 19 paise higher at 95.16 against the dollar in the previous session. According to experts, the local currency has moved decisively out of the 95.50–95.00 trading band, with the next key level seen around 94.80.

A sustained move below this level could create room for further appreciation, aided by lower direct dollar demand from oil marketing companies and improved market sentiment. Currency analysts expect the Indian currency to trade in the 95.60–97.50-per-dollar range by the end of 2026, with most projections clustering around the 96–97-per-dollar mark. The dollar index, which measures the greenback against a basket of major currencies, declined to 101.99. Additionally, the international oil benchmark Brent crude declined nearly 2 per cent to $104.30 per barrel. Domestic equities also traded higher, with the benchmark Sensex and Nifty rising more than 1 per cent each. The Sensex was at 73,836.71, up more than 1,000 points, or 1.45 per cent, while the Nifty was trading at 22,929.55, up 300 points, or 1.36 per cent.

India-US Trade Deal Nears Finish Line; Tariff Talks Continue

New Delhi: India and the United States are nearing the conclusion of a bilateral trade agreement, with most major issues resolved and only limited negotiations on the remaining details continuing, US Ambassador to India Sergio Gor said on Thursday. Speaking at the Bloomberg New Economy Forum here, Gor said the broad framework of the proposed agreement had been finalised and expressed confidence that both sides would soon conclude the negotiations. "The big picture, the big framework, the big items are done," he said. He described the negotiations as one of the fastest-moving trade discussions involving two large economies. Gor said talks had progressed to product-specific and tariff-level discussions invo lving senior officials, including US Trade Representative Jamieson Greer and Commerce Minister Piyush Goyal.While acknowledging the complexity of negotiations between two large economies, he said both countries were very close to finalising the pact.

Highlighting the broader bilateral ties, the ambassador described India as a trusted strategic partner of the United States. He credited Prime Minister Narendra Modi's government with advancing emerging technology initiatives and noted India's inclusion among the first countries invited to key international technology partnerships. Gor said expanding cooperation in artificial intelligence, technology development, clean energy and civil nuclear power would create new opportunities for both countries.

He also pointed to growing investments by major US technology firms, including Google, Microsoft, Adobe and Micron, in India, describing the partnership as a win-win that supports job creation in both countries.

On defence ties, he said India conducts more military exercises with the United States than with any other country. He cited recent joint drills and the participation of F-35 fighter aircraft in exercises in India as evidence of deepening strategic trust. Gor also announced that US Secretary of State Marco Rubio would visit India soon, with engagements planned in Mumbai and Jamnagar. The visit is expected to focus on trade, investment and commercial partnerships amid expanding bilateral economic relations. Addressing concerns over proposed US sanctions linked to Russia, Gor said the measures were aimed at ending the conflict and were not targeted at any specific country. He added that discussions on the issue were ongoing and that the US administration would take decisions in the coming days.

Adani Highlights Bloomberg's Vision for India's Future

Ahmedabad: Gautam Adani, Chairman of the Adani Group, said on Wednesday that leadership is not measured by the milestones we celebrate today, but by the commitment to expand what humanity can achieve tomorrow, and very few embody that better than Bloomberg Co-founder Michael Bloomberg. In a post on LinkedIn, Gautam Adani spoke about his meeting with Michael Bloomberg during the 'Bloomberg New Economy Forum' in New Delhi. "His line of questioning crystallised something for me. Nations need two kinds of infrastructure to endure. The first is visible and includes ports, transmission corridors, green hydrogen plants, gigawatt-scale compute clusters and transit systems. The second is invisible but decisive because it enables the first. It rests on trusted data, accountable institutions and governance treated as an operating discipline rather than a stage for announcements," said the billionaire industrialist.

Shafali: India Target Fearless, Smart Cricket in 2027 Champions Trophy

Raipur: Newly appointed T20I vice-captain Shafali Verma said on Thursday that her role in the Indian team's leadership group would go beyond the title, adding that the side aims to play a fearless yet smart brand of T20 cricket in next year's Champions Trophy. India, now to be captained by Smriti Mandhana, will begin preparations for the inaugural six-team tournament, scheduled to be held in Mumbai and Vadodara in February 2027, when it opens its T20I series against Zimbabwe at the Shaheed Veer Narayan Singh International Stadium on Friday. "Just talking about vice-captaincy, I have captained the Under-19 team in the World Cup as well. So, I have that experience. I know vice-captaincy is not just a title. It's a big responsibility. I know we have to take care of each and every player and ensure they are in a good headspace. So, I am just trying to make every player feel comfortable and help the captain," Shafali said at the pre-match press conference.

She also credited former captain Harmanpreet Kaur for the growth of women's cricket and said the team had already mapped out its approach for the road ahead. "Harman di has contributed a lot to the growth of women's cricket. The current shape of women's cricket is largely because of Harman di. So, thanks to her. Talking about how we have to move forward in women's cricket, first of all, we have to play a fearless brand of T20 cricket, with smartness as well."We have discussed during this series that we have to play the Champions Trophy with a fearless brand of cricket and smartness. We have had

many meetings, so everyone knows what to do, and you can also see the growth. We are just trying to keep growing series by series," she added. Shafali, who has been in prolific form with scores of 64, 68, 40 not out, 100 not out and 48, traced her resurgence to the work she put in after being left out of the ODI side in 2025. She was recalled after Pratika Rawal's injury and made a dramatic return to the ODI World Cup team, capping it with a Player of the Match performance in the final against South Africa in Navi Mumbai. "When Pratika got injured, I got a direct call to return to the team. Luckily, at that time, I was playing state T20 games for Haryana. So, I worked a lot on myself in 2025, and I think the hard work I put in that year has helped me a lot now. I am just trying to keep my head down and keep learning. Every day brings a new experience, and I am trying to learn from everything," she said.

Shafali recalled that her time out of the team had forced her to take a hard look at her game.

"In 2025, when I was dropped from the team, I sat down and analysed the areas I needed to work on. First was consistency, followed by fitness, which meant I had to work on my body. Mentally, I had to grow more. I worked hard on these three aspects at that time. I think that is why everything is going well. I am just trying to be more consistent," she said. Shafali, who has also been contributing with her off-spin, said she had long prepared for the possibility of bowling at the international level.

"Bowling is nothing new for me because I have been bowling for Haryana since 2021. When I used to bowl for Haryana, I would think that someday I would have to bowl for India. So, I kept myself mentally prepared for how I would approach it if I got to bowl for India. By God's grace, I have been able to do that. I was mentally prepared, and it is a great thing," she said.

GOVERNMENT OF TELANGANA
REVENUE (LA) DEPARTMENT
DISTRICT COLLECTOR, JANGAON
FORM-VII
DECLARATION
(See Sub - rule (1) of rule -25 and Section -19(1) of the Act-30/2013)

Rc. No. C/37/2026 **Date: 28.09.2026**
Dist.Collr. File No. G2/396/2026 **Date: 03.09.2026**
Gazette No.JN/LA/63/2026 **Date: 03.09.2026**

Where as it appears to the Government of Telangana / District Jangaon that a total land to an extent of **Ac. 3.26 1/2 gts** land is required in the limits of Edunuthula village of Kodakandla Mandal in Jangaon District for public purpose, namely acquisition of Excavation 10 L of 3R of 7L Distributary of Nashkal Main Canal of Nashkal Tank from **KM. 0.000 to KM. 0.760 T.E under JCR DLIP** for providing water to Agriculture lands under the Governament of Telangana, Collector, Jangaon District, as per U/s 19(1) ofthe LA, Act.30/2013.

Whereas, the said irrigation project is exempted from the provisions of Chapter-II (Social Impact Assessment) and Chapter-III (Special provision to Safeguard Food Security) of the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013 by virtue of Section 10A of the RFCTLARR Act, as inserted by the RFCT-LARR (Telangana Amendment) Act, 2016 (Act 21 of 2017), read with G.O.Ms.No.63, Revenue Department, dated 29.07.2017, published in the Telangana Gazette. Accordingly, the provisions of Chapter-II and Chapter-III of the Act shall not apply to this acquisition.

Total Nil families are likely to be displaced due to the land acquisition. The Additional Collector (Revenue), Jangaon is appointed as the Administrator for the purpose of Rehabilitation and Resettlement of the affected families.

Therefore the "DECLARATION" is hereby made that a piece of land measuring, more or less **Ac. 3.26 1/2 gts** under acquisition for the above said project in the limits of Edunuthula Village of Kodakandla Mandal in Jangaon District whose detailed description is as following under acquisition.

Mahabubabad Town Blue Coats personnel save man who attempted suicide on railway track.

Mahbubabad District Correspondent Telangana Essence October : A young man who had a fight with his father over the purchase of a bike got upset and attempted suicide on the railway track. PC Rahim and PC Suresh, Blue Coats personnel of Mahbubabad Town Police Station, who responded in time, went onto the railway track without knowing that the accident was coming in the form of a train and saved the man. The police received information that Srinu, a resident of Tallasankasa village in Sirol mandal of Mahbubabad district, got upset over a fight with his father over the purchase of a bike and came to Mahabubabad town with the intention of committing suicide and went onto the railway track. The Blue Coats personnel who responded immediately reached the scene, took the risk on the railway track in dangerous conditions, caught him and brought him out safely. Mahabubabad DSP Tirupati Rao Town Inspector Raghupathi Reddy congratulated the Blue Coats personnel Rahim and Suresh for their timely action and saving a precious life.

Bathukamma statue unveiled in Sirolu village.. Joy in women's clothing!

A big hit for village culture during the festival.. Vedavelli family sets an example with voluntary service

Mahabubabad District Telangana Essence October The sixth day of Bathukamma celebrations was held in Sirolu village in celebration of the Bathukamma festival, which stands as a symbol of Telangana culture and traditions. The Bathukamma statue was installed in the name of the late Mrs. Vedavelli Venkatamma Amma Trust, in memory of the services of former MLC and freedom fighter, with the courtesy of the Vedavelli Venkat Reddy family. The statue was unveiled by former MLC Edavalli Venkat Reddyµs political heirs Vedavelli Rajavardhan Reddy and village sarpanch Mrs. Hanumantula Ramanamma. The unveiling of the Bathukamma statue brought joy and excitement to the village women. The locals expressed their joy at the installation of the statue in the village on the occasion of the Bathukamma festival, which symbolizes the self-respect and worship of nature by the Telangana women. Many felt that such programs would help preserve the traditions during the festival and provide cultural heritage to future generations in rural areas.

Former Sarpanchs Bollikonda Nageswara Rao, Tejavat Kabu Ramachandru, former MPTC Makkala Mangamma, Venkanna, former Sub-Sarpanchs Thagaram Guruvayya, Hanumantula Nageswara Rao, Telangana Thalli statue designer Mangalampalli Venkanna (Kanna), ward members, village youth, villagers and others participated in the program. Locals said that it is commendable to voluntarily come forward and undertake public service programs to promote festivals and traditions in the villages. He hoped that such service programs would expand further and contribute to the development of infrastructure in the villages. He believed that if donors and service-minded families come forward to provide safe drinking water to the people, such as digging wells and providing fresh water facilities, further support would be provided to the development of the villages. This statue unveiling program, which was undertaken in Shirolu village to celebrate the Bathukamma festival, became an exemplary program that prioritized social service along with cultural preservation.

Private hospitals must display price lists for medical services!

Charge details should be kept in Telugu and English: BJP leaders

Mahabubabad, Telangana Essence District Correspondent, October 13: It is heartening that the Union Ministry of Health and Family Welfare has instructed states and union territories to display price lists for medical services, tests, treatments and other health facilities in private hospitals and clinics in places that are clearly visible to patients, said BJP State Council Member Kachwal Shyamasunder Sharma and BJP District Leader Dr. Dharamsoth Sitaram Naik. Union Health Secretary P.S. Srivastava, in a letter written to the Chief Secretaries of the states on October 12, said that he had instructed to display price lists for medical services in clearly visible places. He said that the price details should be made available in English as well as in the local language like Telugu as per the applicable rules.

He said that patients should be given the opportunity to know in advance how much medical tests, scans, treatments, room rentals etc. will cost. He believed that the display of price lists would reduce confusion regarding medical bills and increase transparency in the medical sector.

He urged the state government to implement the guidelines suggested by the Centre as per the relevant rules. Patients should also know the details of the charges before treatment and save the bills and payment receipts. BJP leaders said that it is beneficial for the people to have clear information on the costs of medical services.

Collector Sneha Shabarish's extensive tour of Gudur mandal

Field observation on voter list amendments, land re-survey

Mullangi Mohan Reddy Telangana Essence Mahabubabad District Correspondence October : Mahabubabad District Collector and Magistrate Sneha Shabarish on Thursday extensively toured Boddugonda and Madanapuram villages in Gudur mandal and inspected the implementation of various government programs at the field level. On this occasion, she personally inspected the voter list amendments, changes and additions being carried out as part of the Special Intensive Revision (SIR) program and made several suggestions to the relevant staff. She advised that the voter list amendment process should be conducted transparently as per the rules and that due care should be taken to ensure that the details of eligible voters are recorded properly.

The Collector also inspected the ongoing land re-survey work in Madanapuram village at the field level. She instructed the relevant officials to conduct the survey process in accordance with the guidelines and rules set by the government. He advised that farmers should be provided with advance information so that they do not face any difficulties during the survey. He said that farmers should also confirm the boundaries of their lands in advance, which will make the survey process easy and transparent. He made it clear that the relevant staff should act responsibly and provide necessary support to the farmers in the matter of land survey.

Priority should be given to water conservation through crop rotation

The Collector advised that farmers should make appropriate changes in crop cultivation keeping in mind the current El Nino conditions. He said that crops that can be cultivated with less water should be selected keeping in mind the availability of water and that water consumption can be reduced by following the crop rotation system. Farmers should be advised to prepare agricultural plans in accordance with the weather conditions and availability of water resources.

He instructed the concerned field assistant to identify various works that would be useful for farmers under the VBG Ramji Employment Guarantee Scheme and take steps to provide employment opportunities to the eligible ones. He advised that along with the implementation of employment works in rural areas, the works should be carried out in a planned manner so that they benefit the farmers.

Measures to ensure that there are no problems with irrigation and drinking water

Collector Sneha Shabarish ordered the relevant authorities to work in coordination so that there are no problems with irrigation and drinking water supply in the district. She suggested that the needs of farmers should be identified and the water supply system should be monitored. She also said that steps should be taken to ensure that all eligible farmers receive crop loans as per the rules through primary agricultural cooperative societies. She said that the

authorities should pay special attention to ensuring that the benefits of government schemes are received by the farmers in a timely manner. The Collector suggested that the authorities should continue to monitor the implementation of government programs in the villages, the problems of farmers, and the services being provided to the people. She ordered that appropriate steps should be taken to identify the problems encountered at the field level and resolve them.

Assistant Director of Land Survey Sari Srinivasulu, local Tahsildar Nagabhavani, Revenue Inspector Naresh Reddy, surveyors, staff of the relevant departments and others participated in this visit.

Discipline and self-confidence through sports.. Rural athletes should be encouraged: Janga Raghav Reddy

Mahabubabad District Correspondent October (Telangana Essence): Kho Kho Federation of India Ethics Commission Convener and Telangana State Kho Kho Association President Shri Janga Raghav Reddy attended the 45th Telangana State-level Junior Inter-District Kho Kho Championship 2026-2027 boys and girls competitions program held at Saroornagar Indoor Stadium in Hyderabad on Thursday as the chief guest. Addressing the athletes on this occasion, he said that sports play a key role in the overall development of students. He said that sports instill discipline, punctuality, self-confidence, perseverance and the spirit of teamwork in students. He explained that indigenous sports like Kho Kho, in particular, increase physical fitness among the youth and develop mental stability and competitiveness.

He advised the boys and girls participating in this championship from various districts of the state to showcase their talents and move forward with sportsmanship. He called upon them to accept victories and defeats equally and take each competition as an experience and strive to reach higher goals. He stated that continuous practice, discipline and dedication are essential to achieve success in sports.

Janga Raghav Reddy believed that only when the players receive quality training, better infrastructure and adequate encouragement will the state produce players who excel at the national and international levels. He said that by identifying talented players at an early age and providing them with the necessary training and guidance, they will have the opportunity to achieve more successes in the future.

He stated that there is a need to give special priority to the development of the sport of Kho Kho in Telangana. He said that despite the great talent especially in rural areas, many players are unable to showcase their talent to the fullest due to lack of proper opportunities and training facilities. He suggested that efforts should be made to identify such players and bring them to state-level competitions, as well as to provide them with the necessary opportunities to rise to a higher level.

State-level Kho Kho Championship competitions in Saroornagar

He said that state-level championships would help players improve their skills and learn new things by competing with players from other districts. He said that through such competitions, the self-confidence of the players will increase and the opportunities to represent the state and the country in the future will improve.

Janga Raghav Reddy hoped that every player participating in this championship would excel in sportsmanship and uphold the honor of their district. He congratulated the organizers, coaches, physical education teachers and everyone who is working hard to organize the competitions. He said that Telangana Kho Kho can be given more recognition by encouraging the youth towards sports, increasing the popularity of indigenous sports and unearthing talent in rural areas. He called on the athletes to move forward with continuous practice and bring glory to the state.

AR SI Gopi, who excelled in the performance of his duty, passes away

Police officer dies due to illness.. Tragedy in Gujilitanda, Kothur (C) village of Kuravi mandal

Mahabubabad District, Correspondent Telangana Essence October : Police officer Gopi, a resident of Gujilitanda in Kothur (C) village of Kuravi mandal of Mahabubabad district, passed away due to illness. His death, who was serving as an Armed Reserve (AR) SI in the 17th Battalion in Sircilla, has filled the police circles and his hometown with grief. Gopi, who started his career in the police department as a constable, rose step by step and was promoted to Head Constable and later to ARS SI. During his professional journey, he served the police department giving priority to the performance of his duty.

Constable career.. Growth as ARSI

Gopi joined the police department as a constable in 2013. Since then, he has gained experience by performing the responsibilities assigned to him. Based on his talent and services shown in the performance of duty, he was promoted to Head Constable. Later, he was promoted to the more responsible rank of Armed Reserve Sub-Inspector (ARSI).

Starting as an ordinary constable, his career path through promotions became an important aspect of his police service life. He worked in various positions in the police department and performed the duties assigned to him.

Provided special services in VIP and election duties

Gopi provided special services in VIP security and election duties, which are crucial in the police department. Security arrangements during VIP visits, security duties, and responsibilities related to maintaining law and order during elections are very crucial for the police personnel. He displayed his professional skills while serving in these types of duties.

He received a total of 14 awards in recognition of his excellence in the performance of his duties. These awards received while working in the police department were a recognition of his services.

Tragedy in his hometown

The news that Gopi, who was serving in the 17th Battalion of Siricilla, died due to illness

filled his hometown of Gujilithanda with sadness. The news that he was no more, who had joined the police department as a constable and rose to the rank of ARSI after receiving promotions, became a local tragedy.

The death of Gopi, who had started his career in the police department and performed various responsibilities, is saddening. His services, which he received 14 awards for excellence in the performance of his duties, are being remembered on this occasion. The death of ARSI Gopi due to illness has left an irreparable loss to the police community and his hometown.

Campaigning to win the Graduate MLC elections

- MLC Takkellapalli Ravinder Rao meets voters in morning walk
- Wide campaigning at Government Junior College Ground, NTR Stadium.. Around 500 people gathered

Mahabubabad, District Telangana Essence October : The Graduate MLC election campaign has gained momentum in the Mahabubabad district headquarters. As part of the election awareness program, MLC Takkellapalli Ravinder Rao participated in the morning walk program organized in the vicinity of Government Junior College Ground and NTR Stadium on Thursday morning and met the graduates. On this occasion, he campaigned asking them to support him and vote for him in the upcoming Graduate MLC elections.

Former Municipal Chairman Palvai Ram mohan Reddy, former Municipal Vice Chairman Marneni Venkanna, Karunakar Reddy, 12th Ward Councilor Chityala Janardhan, Raghu, Ramakrishna and other leaders participated in the program. Along with them, members of the Kaloji Walkers Association, teachers, traders, local graduates, TRS party leaders, Walkers Coffee Club members and activists participated in large numbers and expressed their support for the campaign. About 500 people participated in the program and the leaders met those who came for a morning walk and explained the importance of the MLC elections.

Reaching out to the public with a morning walk.. Face to face with graduates

The leaders aimed to bring the election campaign closer to the people by directly meeting graduates, employees, teachers and traders who usually come for exercise and morning walks in the morning. MLC Takkellapalli Ravinder Rao spoke to those walking around the Government Junior College Ground and NTR Stadium and got their views. He explained the importance of voting rights for graduates and urged them to actively participate in the elections. The leaders organized this campaign considering that it is important to meet voters directly during the election and convey their request and strengthen good relations with the people. This program held in the morning provided an opportunity to meet people from different sections.

Focus on gathering support of graduates

Political leaders and party ranks are giving priority to campaigning at the field level to gather support of voters in the MLC elections for graduates. As part of this, they are meeting graduates, employees, teachers and people from other sections using the main walking places in Mahabubabad town as a platform. They are asking them to exercise their right to vote by creating awareness about the elections. The main theme of the program was that the leaders who participated along with MLC Takkellapalli Ravinder Rao met the graduates and solicited their votes. Party leaders and

activists participated in the campaign in coordination and tried to attract voters.

Participation of leaders and members of the Walkers Association

Former Municipal Chairman Palvai Rammohan Reddy, former Municipal Vice Chairman Marneni Venkanna, Karunakar Reddy, 12th Ward Councilor Chityala Janardhan, Raghu, Ramakrishna, Kaloji Walkers Association members, teachers, traders, TRS party leaders, activists and others participated in the program. Overall, this morning walk campaign program organized in the Mahabubabad district center became a platform for directly meeting the voters in the context of the graduatesµ MLC elections. The leaders are focusing on expanding the campaign by meeting the graduates in the coming days.

Police Seize 24 Vehicles in Village Crackdown

- Special surveillance on eradication of marijuana and illegal liquor.. Awareness among the public on cyber crimes
- Gudur CI Vinay conducts extensive checks in villages with the aim of public safety

Mullangi Mohan Reddy Telangana SI Mahbubabad District October : Under the auspices of Mahbubabad District Police, a community contact program was conducted in Rautugudem and Chintagattu Thanda villages under Kothaguda Police Station limits in Gudur Circle from 5:30 am to 7:30 am on Thursday. 35 police personnel participated in this program and carried out checks in about 120 houses. In addition to checking vehicles, inquiries were made about suspicious persons and activities. 24 vehicles without proper documents or number plates were identified. Also, 15 liters of illegal liquor (gudumba) and about 500 liters of jaggery wash were seized and destroyed. On this occasion, the villagers were made aware of the need for road safety, eradication of marijuana and other drugs, prevention of cybercrimes, and installation of CCTV cameras in villages. They were advised to inform the police immediately if they come across any information related to suspicious persons or crimes. Gudur CI Vinay said that community contact programs are being conducted with the aim of controlling crime in villages, preventing illegal activities, strengthening good relations between the police and the public, and enhancing public safety.

Excellent Response to the Devotional Songs of Goddess Durga Competitions

Telugu Bhasha Samrakshana Sangham Karimnagar District Branch, Satavahana Lions Club, and Lead India-2047 jointly organized the Sharannavaratri related Devotional songµs singing activity for the school students at Sai Manair High School premises, which received a resounding response, said Capt Dr. Burra Madhusudhan Reddy, President of Telugu Language Preservation Society, and Lion M Mahender, President of Satavahana Lions Club. Principal Dr. K Ramakrishna, who was present as the chief guest, said that music and literature are the divine gifts of the Goddess and that devotees who take refuge in them will get all the eight blessings. He said that music has no language barrier and todayµs youth should practice devotional songs and classical music. Capt Dr. Burra Madhusudhan Reddy, who inaugurated these competitions, said that such competitions will help in increasing the spiritual development of todayµs digital children and girls. He advised the parents of todayµs children to instill the necessary understanding in their children for the perfect personality development. He said that it is a good development that some of todayµs children are reciting the verses of Bhagavad Gita. He said that it is commendable that in the context of Sharan Navarathri, children and elders of towns and villages are conducting special pujas for the blessings of the Goddess. On this occasion, certificates of appreciation along with prizes were given to all the children and girls who participated, and first, second and third prizes were given to the winners. Abhiram, Deepika and Satvik got the first three prizes, while four others were given incentive prizes, certificates of appreciation and books of

Bhagavad Gita verses were given to all the participants. Telugu Bhasha Samrakshana Sangham Vice President Bommakanti Kishanla, Satavahana Lions Club leaders N M Mahender, N Venugopal, Lion K Rajender Reddy, Lion Dr V Srinivas, Lion P Surender participated in this program. Music teacher Vinila Sivapuram participated as a special guest in this program and taught the singers appropriate skills. On this occasion, the organizers felicitated guests Dr. K. Ramakrishna and classical singer Vinila.

The special voter revision process should be conducted transparently.

Jayashankar Bhupalapalli.Telangana Essence, October 15: District Election Officer and District Collector Rahul Sharma has instructed the officials to conduct the special summary revision process of the voter list without any mistakes and with complete transparency. On Thursday, a surprise inspection was conducted at the special voter registration center set up at polling station number 263 in Chennapur village of Gori Kothapalli mandal. On this occasion, the application received for voter registration was examined. The booth-level officer was asked about the number of applications received so far, the names removed from the voter list, new voter registrations, changes and additions in voter details. The applications should be examined as per the rules and records should be maintained properly from time to time.

He said that special camps will be organized at all polling stations on Friday, the 16th as well. He said that this program is being undertaken with the aim of providing the right to vote to everyone who is eligible. He advised that young men and women who have completed 18 years of age should apply for registration in the voter list through Form 6. Those who are already registered as voters should correct any mistakes in their voter card, such as name, address, etc., and apply to the relevant special polling stations for necessary changes and additions. He said that the right to vote is very important in a democratic system and every eligible citizen should register his name in the voter list so that he can exercise his right to vote. RDO Harikrishna, Tehsildar Hema, Sarpanch Bhikshapati, BLO and others participated in this inspection program.

Mahadevpur students selected for state level Coco competitions

Jayashankar Bhupalpally. Telangana Essence, October 15:Four students studying at Z.PHS Girls School in Mahadevpur mandal center of Jayashankar Bhupalpally district, Peddi Sneha, Peddi Madhulatha, MD Arshiya, Kurusam Lakshmi Prasanna, students participated in the 45th Telangana Inter-District Coco Competition being held in Hyderabad on 15, 16, 17, said the schoolµs principal G Srinivas Reddy. Speaking on the occasion, the principal hoped that the students would show good talent at the state level and be selected at the national level. Similarly, he congratulated the gym teacher Purnima, who is providing direct training. He expressed happiness that our girlsµ school is bringing a good name not only in the district but also at the state level. School gym teacher Purnima expressed her happiness on being selected at the state level on behalf of Peddapelli district. She thanked Peddapelli District Cocoa Association President Tallapalli Lakshman and District General Secretary Dr. Velpula Kumar. She informed that the Peddapelli District Cocoa Association organized a camp and taught them special skills and that they would play with discipline and team coordination. She informed that the perseverance and hard work of the students is the reason for the prestige of this school.

Collector Urges Voters to Use Special Enrollment Camps

Kamareddy, October, 15 (Telangana Essence) Rachurwar Subhash : District Collector Ashish Sangwan called upon all eligible persons to make use of the special voter enrollment camps being organized as part of the Special Intensive Revision of electoral rolls in Kamareddy district.

On Thursday, the Collector inspected the special voter enrollment camp held at Polling Station No. 160 in Shivayipally village of Rajampet Mandal. Speaking on the occasion, he advised every eligible person to get their names enrolled in the voters list. He said eligible persons who want to newly enroll as voters and those whose names are not in the voters list should utilize the special camps being held on 15th and 16th of this month.

He advised voters to check whether their names are correctly entered in the voters list and to approach concerned officials for necessary corrections and inclusions. He directed officials to work in coordination to ensure voting rights for all eligible persons. Tahsildar Janaki, Mandal Special Officer Aparna, Horticulture Officer Jyothi, MPDO Suryaji, Divisional Panchayat Officer Srinivas, Sarpanches Sandhya, Babu and others participated in the programme.

Senior Civil Judge Swathi Murari played chess with children and encouraged them

Inspection of facilities, educational and medical services at Asha Bhavan.. Assurance of legal services for children

Mahabubabad, District Correspondent Telangana Essence October : Senior Civil Judge and Secretary of Mahbubabad District Legal Services Authority, Mrs. Swathi Murari, visited the Asha Bhavan voluntary service home in Mahabubabad town on Thursday. On this occasion, she personally inspected the facilities provided to the children in the home, and the educational and medical services being provided. As part of her visit to the home, Judge Swathi Murari interacted with the children affectionately. She spent some time with them and inquired about their well-being, studies and daily activities. In order to instill enthusiasm in the children and promote their hidden talents, she played chess with them. The children expressed happiness when the judge participated in the game with them. On this occasion, she spoke to the children in a friendly manner and encouraged them to build their self-confidence.

Later, Swati Murari spoke and appreciated the services of the Asha Bhavan administrators who are working hard to provide shelter to orphaned and needy children, provide them with necessary services along with education, and make them responsible citizens of the society. She advised that education is very important for the future of children, and that they should study hard and achieve high goals.

Similarly, she advised everyone to be aware of their legal rights and contact the relevant authorities if they have any fears or doubts. She called on the children to cultivate discipline, self-confidence, and perseverance along with education and scale higher heights in life. She assured that the District Legal Services Authority would always be available to provide the necessary legal help and support to the children in Asha Bhavan. She stated on this occasion that it is important to protect the rights of children and create awareness about the legal services necessary for their advancement. Asha Bhavan administrators Vijay Kumar and the children of the ashram participated in this program.

Success of Kamareddy Women at Saras Mela-2026 Commendable: District Collector Ashish Sangwan

Kamareddy, October, 15 (Telangana Essence) Rachurwar Subhash Correspondent.. District Collector Ashish Sangwan said it is commendable that women self-help group members from Kamareddy district are displaying and selling their products and gaining recognition at national level at the Saras Mela-2026 being held at HMDA Grounds in Hyderabad. The Collector appreciated the achievements of Devala Saroja, K. Sujatha and Mothe Supriya who are achieving economic self-reliance through self-employment by selling traditional food items, pickles, millet products and cold-pressed oils at the Saras Mela. He said it is inspiring that women SHG members are turning their skills into business opportunities, earning income and also providing employment to other women.

The Collector suggested that women should grow economically by utilizing savings, loan facilities available through women self-help groups, cooperation of banks and government schemes. He said concerned officials should work to give wide publicity to traditional products being made by women and to enhance market opportunities.

He said exhibitions like Saras Mela are serving as excellent platforms for rural women to introduce their products to consumers at a wider level and to expand business. He said by recognizing and encouraging women's talent, the economic condition of their families improves and it contributes to rural economic development.

The District Collector also appreciated the concerned officials and staff who are extending necessary support to Kamareddy district women at Saras Mela and contributing to their success. He wished that women SHG members should achieve further development with the same spirit and stand as role models for other women.

Police Flag Day: Competitions for Students, Cops and Public

The aim is to create awareness on prevention of cyber crimes, eradication of drugs and public safety

Opportunity to participate in short film and photography competitions

Mahabubabad District SP Dr. Shabarish, IPS..

Participate enthusiastically in competitions

Students, police officers, staff and the public should participate enthusiastically in these competitions and raise awareness about police services, public safety and crime prevention, District SP Dr. Shabarish, IPS urged. He suggested that messages that are useful to the people, especially the youth, should be creatively conveyed to the people while remembering the sacrifices of the police martyrs.

Higher Income for Farmers Through Alternative Crops: District Collector Ashish Sangwan

Kamareddy, October 15 (Telangana Essence) Rachurwar Subhash Correspondent.. District Collector Ashish Sangwan said that farmers can earn higher income through cultivation of alternative crops and should cultivate crops as per land and water availability. The Collector visited oil palm and tomato gardens being cultivated by farmers in Kamareddy district and examined the cultivation methods, yields and income being earned by the farmers.

First, the Collector visited the oil palm garden cultivated by farmer Arjun Rao. On the occasion, the farmer shared his experience and said he is getting better income through oil palm cultivation compared to traditional paddy cultivation and expressed satisfaction over cultivating this crop.

Later, at Shivayipally village, the Collector inspected the tomato garden cultivated by farmer Gurava Reddy. The farmer explained that he is earning higher income through tomato cultivation than paddy crop and alternative crop cultivation is financially beneficial to him. Speaking on the occasion, District Collector Ashish Sangwan said in view of adverse climatic conditions due to El Nino effect and shortage of irrigation water, farmers should focus on alternative crop cultivation in the coming Yasangi crop season. He said by selecting crops as per the nature of the soil, water availability and climatic conditions, cultivation costs can be reduced and there is scope to earn higher income. He said agriculture can be made profitable through alternative crop cultivation. The Collector advised farmers to examine cultivation of alternative crops like oil palm and tomato along with traditional crops and adopt modern cultivation methods following the suggestions of Agriculture Department officials. District Horticulture and Sericulture Officer Jyothi, Horticulture Officer Suman, Horticulture Extension Officer Bapureddy, Hindustan Unilever managers Chandrababu, senior manager Srinivas, Oil Palm staff Himakumar, Arun, Murali, Satyanarayana and others participated in the programme.

Goddess Durgamma Blesses Devotees as Lalita Devi

Fifth-Day Alankaram at Sri Prasannanjaneya Swamy Temple, LB Nagar

Telangana Essence Reporter Venkateswara Sarma, LB Nagar, Hyderabad, October 15: The Devi Navaratri celebrations are being held with great devotion and religious fervour across the LB Nagar Assembly constituency. On Thursday, the fifth day of the Navaratri festivities, Goddess Durgamma appeared before devotees in the divine form of Lalita Devi at Sri Prasannanjaneya Swamy Temple, located near LB Nagar Metro Station and under the Telangana Endowments Department, Hyderabad. The day's rituals began at 5 a.m. with a special Panchamrita Abhishekam, followed by the goddess's ceremonial decoration, Harathi and Mantrapushpam. At 4 p.m., special religious programmes were conducted, including Nava Chandi Archana for 30 minutes, Chaturvidha Swasti, Upanishad recitations, and readings from the Ramayana, Mahabharata and Bhagavatam.

Vedic blessings were also offered to devotees. The programmes concluded with the distribution of Theertha Prasadam and Annadanam. A large number of devotees participated in the celebrations. Temple founder and Trust Chairman Gunti Lakshman and Executive Officer Sobhan Babu made arrangements to ensure that devotees had access to all necessary facilities and experienced no inconvenience during the festivities.

SIR Special Revision Program

The re-survey program was conducted by District Collector and Magistrate Sneha Shabarish, who conducted surprise inspections at community health centers in the mandal center. District Collector and Magistrate Sneha Shabarish toured Boddugonda and Madanapuram villages in the mandal extensively. As part of the Special Intensive Revision and SIR program to be held on Thursday and Friday, she personally inspected the voter list amendments and additions being carried out in the village and issued appropriate instructions to the staff. She personally inspected the ongoing land re-survey program in Madanapuram village. She instructed the relevant staff to continue the survey as per the rules prescribed by the government. The Collector suggested that farmers should be provided with advance information without any difficulties and that the farmers should also fix the boundaries of their lands in advance so that the survey can proceed easily and transparently.

In the wake of the current El Nino conditions, farmers were advised to adopt crop rotation and plant crops that use less water.

VBG Ramji The concerned field assistant was instructed to assign various tasks to farmers under the employment guarantee scheme.

The collector said that the authorities should take steps to ensure that there are no problems in the supply of irrigation and drinking water in the mandal and that crop loans should be provided to all eligible farmers through primary agricultural cooperative societies.

Another opportunity for a place in the 'Sir' final list

Special camps at all polling stations on October 15 and 16. The Central Election Commission has given another opportunity to citizens to include their names in the 'Sir' voter final list to be announced on November 9 this year, District Collector Sneha Shabarish said in a statement today.

As part of this, special camps are being organized in every polling station on the 15th and 16th of this month, and they can also register as new voters. Another opportunity has been given to 73 lakh voters who were removed as ASDD (Absent, Shifted, Dead and Duplicate) as part of the publication of the draft list.

He said that voters who were included in this list by mistake anywhere can also submit Form-6 in these camps.

He said that the names of those who submitted Form-6 in these two days will have the opportunity to be included in the final list to be published on November 9. In fact, as part of 'Sir', the facility to apply through Form-6 during complaints and objections was provided from last August 17 to the 7th of this month.

With the expiry of this deadline, 'Sir' was not available in the final list, but in the context of current developments, the Collector urged people to take advantage of this opportunity as the Central Election Commission has given the opportunity to submit Form-6 on the 15th and 16th. Later, he conducted a surprise inspection of the Community Health Center at the Mandal

Center and personally inspected the children's ward, women's and men's wards, and checked the medicine store room, OP register, attendance list, and the functioning of the CCTV cameras. He asked the doctors to be punctual, to be available to the general public at all times and to provide medical services, to keep adequate medicines available, and to have everyone register their details in the Mee Aaram App. He greeted the children and patients undergoing treatment in the wards warmly and learned about the services being provided to them. The Collector said that all the sub-centers under the Community Health Center should promote normal deliveries and provide the medical programs introduced by the government to the people as per the schedule. He asked everyone to be punctual, saying that strict action will be taken if they are negligent in their duties.

He said that X-ray, lab and other facilities in the hospital should be provided. The Collector was accompanied on this visit by Assistant Director of Land Survey Sari Srinivasulu, local Tehsildar Naga Bhavani, Revenue Inspector Naresh Reddy, surveyors and others.

Alternative plans should be implemented for drinking water supply

-The next 15-20 days are crucial for crop protection
-Farmers should be made aware of water-conservation,cultivation of wet crops
-State Chief Secretary Sanjay Jaju

Sangareddy Dist Correspondent: In the wake of the changes in weather conditions and lack of rainfall due to El Nino, State Chief Secretary Sanjay Jaju has instructed the officials to take preventive measures to prevent shortage of drinking water and to work in coordination with the agriculture, power and irrigation departments to save the current crops. On Thursday, CS visited Sangareddy district to observe the water availability and the impact on the agricultural sector due to El Nino at the field level. As part of this, the water reserves in the Singur reservoir were inspected. Later, Transco CMD Jitesh V.Patil, District Collector Prateek Jain, District SP Paritosh Pankaj, Narayankhed MLA Sanjeev Reddy, officials of Irrigation, RWS, Electricity, Agriculture, Horticulture, Animal Husbandry, Rural Development etc. held a review.They reviewed the alternative measures to be taken to ensure that drinking water supply in Sangareddy, Kamareddy, Nizamabad and Medak districts does not face any problems. On this occasion, District Collector Prateek Jain explained to the CS about the water level in the Singur reservoir, availability of drinking water in the district, rainfall, crop cultivation conditions and alternative plans prepared for drinking water supply.Speaking, the CS suggested that the available water should be used in a planned manner by considering the water reserves and groundwater conditions in the Singur and Manjira reservoirs. He said that the drinking water needs should be identified village-wise and the action plans should be implemented vigorously with necessary alternative arrangements.All the necessary works for the aggradation should be completed by the end of November. He suggested that steps should be taken to make arrangements for water transportation in the required areas and hire the necessary borewells. He said that since the next 15-20 days are crucial for crop protection, agricultural officials should inspect the crop conditions at the field level and provide necessary instructions to the farmers. He said that steps should be taken to prevent excessive power load on transformers and ensure quality power supply. He suggested that farmers should be made aware of the availability of water and the cultivation of short-term alternative crops according to the weather conditions. He suggested that preventive measures should be taken to prevent shortage of fodder, and that works such as water conservation works and construction of water storage ponds under the VBG Ramji scheme should be identified and undertaken, and that a list of necessary works should be prepared in advance. Later, the CS inspected the cotton crop cultivated by farmer Golla Mahesh on seven acres in Chautakur village. The farmer explained that the cotton yield is likely to decrease significantly due to the lack of timely rains. Keeping in mind the deficit in rainfall and climate change, the CS suggested cultivating short-term vegetable crops that can be cultivated with less water. Transco CMD Jitesh V. Patil said that due to the deficit in rainfall, there is a possibility of reducing the groundwater level and increasing the pressure on electric motors and transformers. He said that the officials of the concerned departments should provide appropriate advice and suggestions so that farmers can cultivate greens and vegetables that can be cultivated with less water and also get additional income through allied sectors like poultry farming and sheep farming.Additional SP Chaitanya Reddy, Narayankhed Sub-Collector Uma Aarti and officials of the respective departments participated in this program.

Land Re-survey Must Be Conducted Transparently with Precise Demarcation of Boundaries: District Collector Ankit

- Collector Conducts Surprise Inspection of Karakagudem Primary Health Centre
- Action to Be Taken Against Negligence of Duties; Orders Issued to Issue a Charge Memo to the Medical Officer
- Ensure Quality Medical Services for Patients; Staff Must Adhere to Punctuality

Bhadradri Kothagudem: District Collector Ankit visited Karakagudem mandal on Thursday. He first inspected the ongoing land re-survey operations in Battupalli village. Subsequently, he conducted a surprise inspection of the Karakagudem Primary Health Centre, where he reviewed the medical services provided, staff attendance, and the facilities available to patients. The Collector inquired with the relevant officials about the progress of the land re-survey, which covers an area of approximately 1,160 acres within the Battupalli revenue jurisdiction. Officials explained that the survey is being carried out with high precision using modern Differential Global Positioning System and Global Navigation Satellite System rover equipment to accurately identify land boundaries. They noted that boundaries are being verified for each survey number, and the demarcation points including those separating forest land from farmers' patta land are being recorded using technical equipment. During the visit, the Collector also spoke with the farmers and examined their land title documents. Officials have been instructed to verify land rights and boundaries by cross-referencing on-site measurements with revenue records and patta details. Given that satellite signal issues may arise in certain locations such as hilly terrain or areas with dense vegetation officials were advised to utilize technology effectively to ensure the precise recording of boundary points.

Speaking on the occasion, District Collector Ankit : directed officials to conduct the land re-survey in a rigorous and transparent manner. He emphasized that land boundaries should be finalized only after a comprehensive review of revenue records, patta details, and field measurements, ensuring that the land rights of farmers remain uncompromised. He further instructed that special attention be paid to delineating the boundaries between forest land and private patta land. Any concerns or issues raised by farmers during the survey process must be examined on-site and addressed in accordance with the established regulations. The Collector directed officials from the Revenue, Survey, and Forest departments to work in coordination to expedite the survey, eliminate any scope for errors, and provide clarity on land boundaries to prevent future land disputes. Following this, the Collector conducted a surprise inspection of the Primary Health Centre in Karakagudem. He first examined the staff attendance register and inquired about the reasons for the absence of the Medical Officer, Raviteja. The Collector expressed his displeasure over the inconsistent and vague responses provided by the staff

regarding this matter. He directed the concerned officials to issue a charge memo to the Medical Officer. Furthermore, he ordered the termination of two outsourced GNM staff members for providing false information and failing to give an accurate account regarding the Medical Officer's absence.

The Collector interacted with patients visiting the hospital for treatment, inquiring about the medical services they were receiving and the facilities available at the facility. He emphasized that it is the primary responsibility of doctors and staff to ensure that patients visiting government hospitals receive timely, high-quality medical care.

He instructed the medical and support staff to be punctual, perform their assigned duties efficiently, and ensure there is no negligence in providing care to patients. He also advised the relevant officials to maintain continuous oversight of the medical services and the facilities provided to patients at the hospital. Those present during these proceedings included Tahsildar Kanthayya, Surveyor Sandeep, Battupalli Sarpanch Tholem Ramadevi, as well as the concerned medical staff, revenue personnel, and other officials.

Priority Must Be Given to Cleanliness in Health Centers

Bhadradri Kothagudem : District Medical and Health Officer Dr. Tukaram Rathod has advised that government health centers must maintain high standards of cleanliness and provide quality medical services to the public. On Thursday, he conducted surprise inspections at the Jagannadhapuram Primary Health Center and the Vengalrao Nagar Health Sub-center. During the visits, he examined records, registers, and other relevant documentation, offering specific guidance to the medical staff.

Maintaining Cleanliness Through 'Shramadaan' : The DM&HO emphasized that the surroundings of government health centers must always be kept clean. He directed that measures be taken to ensure no waste accumulates in hospital premises, waiting areas, or medical consultation rooms. He suggested that staff should work in coordination to conduct 'Shramadaan' to maintain cleanliness. He further requested that the concerned officials submit photographs taken both before and after these cleaning efforts.He noted that a hygienic environment is crucial for providing quality healthcare to patients and stressed that staff must not show any negligence in this regard.

Removal of Unused Items Dr. Tukaram Rathod also instru cted that any items or waste materials that have long rema ined unused in the health centers be identified and compiled into a detailed list for their subsequent removal. It wa s advised that, in accordance with government regulations and guidelines, necessary permissions should be obtai ned to sell or dispose of waste materials in a transparent manner through a waste management committee. Medical staff were instructed to organize items currently in use systematically and to ensure that valuable space is not wasted by storing unusable equipment. Furthermore, they were urged to pay special attention to record-keeping, the removal of waste, and maintaining the cleanliness of the premises.

Inspection of the New Sub-Center Building : Following this, the DM&HO inspected the newly constructed health sub-center building in Vengalrao Nagar. He discussed the condition of the approach road to the building with the staff and emphasized the need to take appropriate measures to ensure that pregnant women, children, the elderly, and othe r patients visiting the sub-center do not face any difficulties in accessing the facility. He directed the concerned staff to coordinate with local public representatives, community leaders, and the corporator to address this issue and ensure the provision of a proper access road to the sub-center.

The Goal: Improved Medical Services : The DM&HO clarified that, alongside providing quality medical care to the public, government health institutions must place equal importance on basic infrastructure, hygiene, record maintenance, and the systematic disposal of waste. He urged the staff at all government health centers to work with a sense of responsibility to provide better medical services to the public. Along with Dr. Meher Unnisha, healthcare staff were present during this screening program.

AIPC Committees to Be Established in All Districts Across the Country: Madhu Yashki Goud

Telangana Essence Reporter Avvari Venkateswara Sarma, LB Nagar, Hyderabad, October 15: The formal charge-taking ceremony of former Member of Parliament Madhu Yashki Goud as Chairman of the All India Professionals Congress (AIPC) was held grandly at the AICC Bhavan in New Delhi. On the occasion, Madhu Yashki Goud assumed charge from former AIPC Chairman Praveen Chakravarty. AICC General Secretary Deepa Dasmunsi, AICC General Secretary and Uttar Pradesh in-charge Raj Pal Gautam, CWC member Gurdeep Singh Sappal, Rajya Sabha MP Deepender Hooda, former MP Udit Raj and several other leaders attended the ceremony. Speaking on the occasion, Madhu Yashki Goud said he viewed his appointment as AIPC Chairman not as a position of power but as a responsibility, and would work with that commitment. He announced plans to expand AIPC committees across the country, focusing on 100 urban districts where the organisation has developed a membership base of 50,000. He said he would lead AIPC in accordance with Dr. B.R. Ambedkar's principles of "Educate, Organise and Agitate." He added that the organisation would work to increase the participation of professionals in opposing what he described as the Modi government's undermining of constitutional rights and its attempts to weaken democratic values. Madhu Yashki Goud said AIPC would strive to play an effective role in strengthening democratic values across the country in line with Rahul Gandhi's vision. Emphasising the importance of unity in diversity, he said true democracy could be achieved only when every citizen was able to live freely and with dignity. He stressed the need for civil society organisations and AIPC to work together towards this goal. Recalling the contributions of former chairman Praveen Chakravarty, Madhu Yashki noted his work alongside Nandan Nilekani in bringing Aadhaar services to the people. He also acknowledged the contributions of AIPC's first chairman, Shashi Tharoor, and Praveen Chakravarty in strengthening the organisation. He further stated that AIPC would work to enhance the role of professionals in shaping party policies and formulating policies aimed at the country's overall development. Several other leaders also addressed the gathering. On the occasion, Deepa Dasmunsi released the newly composed AIPC song. Sam Pitroda conveyed his message to the gathering through a video call.

Keerthy Suresh Trusts Comedy This Time

Keerthy Suresh is trying a different approach to win the audience's hearts. After facing ups and downs in her film career, the actress is now looking at comedy to bring her back into the success race. Her upcoming film, Sathyavan Savithiri, promises a mix of courtroom drama humour and entertainment. The makers recently released the film's teaser, which has created interest among movie lovers. The film stars Keerthy Suresh and Mysskin in important roles. It is written and directed by debutant Praveen S Vijaay.

In Sathyavan Savithiri, Keerthy Suresh plays Savithri, a young lawyer who takes up her first case. However, her journey is not easy. She faces a strong opponent in Markandeyan, played by Mysskin. The teaser shows their courtroom face-off, along with several funny moments. Although the story deals with legal battles and the fight for justice, the makers have added comedy to make it an entertaining experience.

This film also marks the first time Keerthy Suresh and Mysskin are acting together. Their courtroom scenes are expected to be one of the main attractions. Keerthy Suresh has delivered memorable performances in several films, including Mahanati. However, not all her recent projects have achieved the expected success. The actress is now trying different roles and stories to connect with audiences again.

Sathyavan Savithiri will help her continue that positive trend. Instead of depending only on serious roles, Keerthy is now exploring a story that combines comedy with an important social subject. We have to wait and see how this is going to change her caree. However even in past she has made few movies like this but none of them scored hits.

Samantha Stuns in MasterChef Lookbook With Baby Bump

Samantha Ruth Prabhu is once again winning the hearts of fans with her latest Instagram post. The actress shared a beautiful picture of herself wearing an elegant outfit and by showing her baby bump. Samantha posted the picture on Instagram with the caption,

"A little MasterChef lookbook," marking for her upcoming television show, Celebrity MasterChef Tamil. In the picture, Samantha is wearing a light grey outfit with beautiful white embroidery. The actress also gave credit to the team that helped create her look. The outfit was from Heena Kochhar. The styling was done by Amrita Singh and Pooja Karanam. The jewellery was from Tribe by Amrapali, while Avni Rambhia handled the makeup. Daksh Nidhi styled her hair. The styling team included Keerthi Madhusudan and Akshaya SG, while Marankumar, credited through the Instagram handle @photosbymaran, captured the photographs. Meanwhile Samantha is preparing to appear as the host of Celebrity MasterChef Tamil. The recently released promo has created interest among television audiences. The show brings popular celebrities into the kitchen, where they will take part in cooking challenges and showcase their culinary skills.

Naga Chaitanya's epic adventure Vrushakarma reaffirms release date

Naga Chaitanya Akkineni is aiming at a huge box office winner with his big action mysterious adventure, Vrushakarma. The makers have reaffirmed that this high octane film is gearing up for 4th December release worldwide in multiple languages.

The new poster showcases fearless attitude of Naga Chaitanya who is looking to escape a dangerous blast with a sharp hook ended wire being aimed at a mountain peak. The poster further conveys, that he is highly intelligent, witty and aware of the danger yet he is calculated risk taker. This raises anticipation to watch the actor in full action mode on big screens.

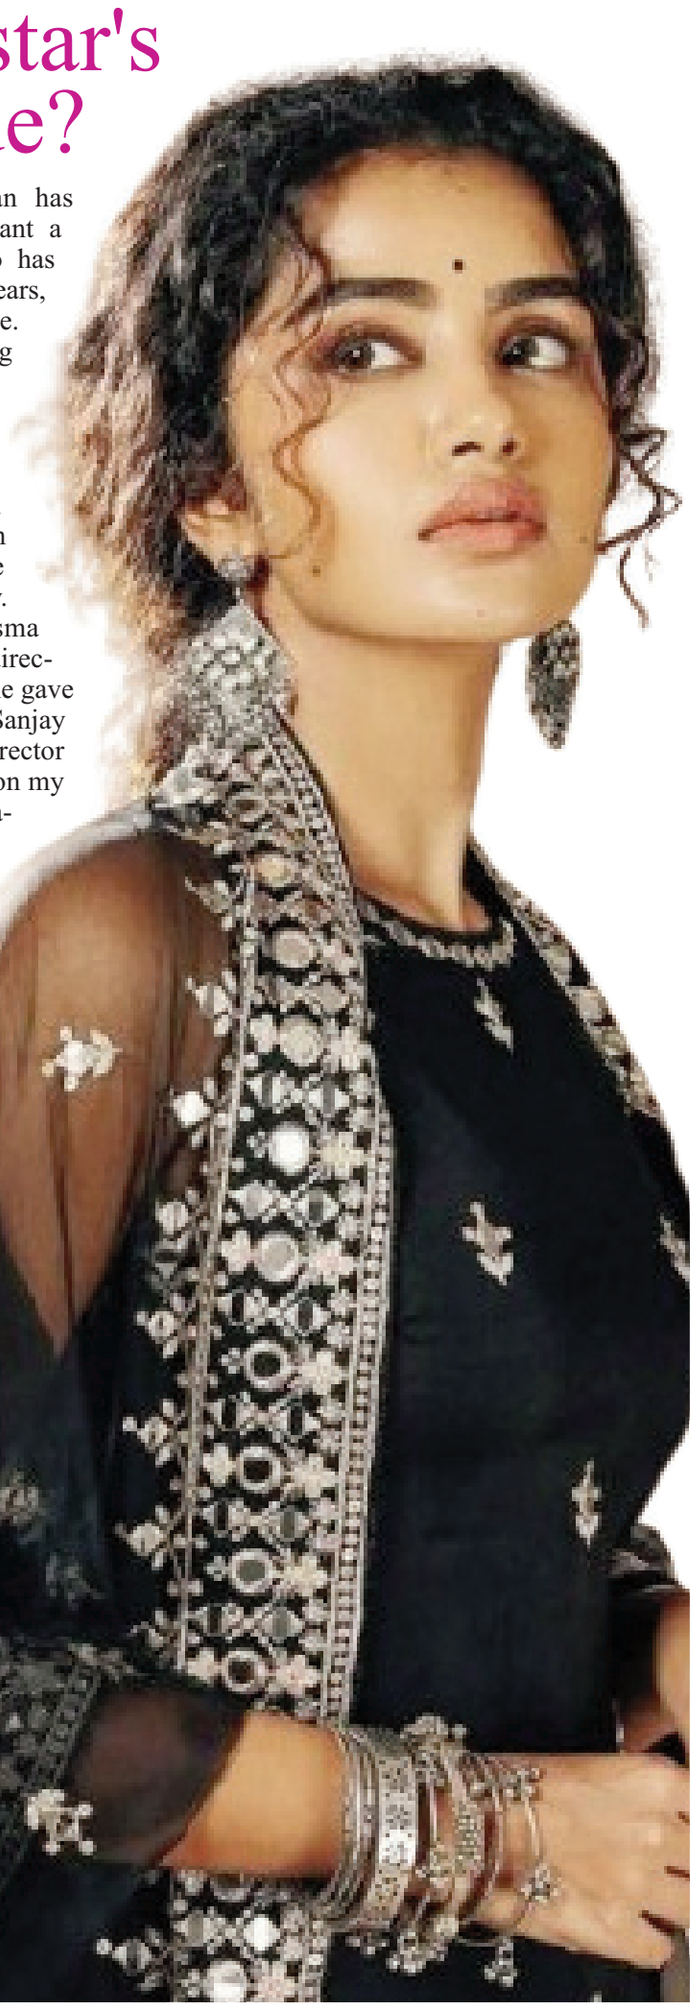

Visionary director Karthik Dandu is directing the film in the production of BVSN Prasad. The hype and buzz for the film have been high since the announcement and each promotional material futher increased curiosity about this mystery adventure. Meenakshi Chaudhary is playing leading lady with Sparsh Srivastav in a prominent role. The movie post production works are going on

Why Will This Superstar's Biopic Never Be Made?

Bollywood superstar Salman Khan has made it clear that he does not want a biopic on his life. The actor, who has entertained audiences for many years, wants to keep his personal life private. He recently spoke about this during an episode of Koffee With Karan Season 9. Salman Khan's statement has attracted attention because many celebrities are now sharing their life stories through films and books. However Salman has no plans to allow anyone to make a film about his personal journey.

During the show, actress Karisma Kapoor asked Salman Khan which director he would choose if someone wanted to make a film about his life. She gave him four options: Sooraj Barjatya, Kabir Khan, David Dhawan and Sanjay Leela Bhansali. Salman gave interesting answers by connecting each director with a different type of story. He said, "If you want to make a comedy on my life, then David Dhawan." He suggested Sanjay Leela Bhansali for a traditional tragic love story. Talking about Sooraj Barjatya, Salman said he would be a good choice for a beautiful love story. He also named Kabir Khan for an action-based love story inspired by the different experiences of his life. However, Salman soon made it clear that these were only hypothetical choices. He has no intention of allowing a biopic about his life. "But a biopic of my life will never be made. My life will go to my grave," he said. In 2017, he also said that he had no plans to write an autobiography. During the same conversation, Karisma Kapoor asked Salman which actress he would choose for his final film. Salman made it clear that he was not thinking about retirement anytime soon. "Last film not happening yet, bro.

Anupama Wanted To Be A Boy

Actress Anupama Parameswaran made interesting comments about actor Tharun Bhascker at the Crazy Kalyanam event. She said that after hearing about his character in the film, she wished she had been born as a boy. Her comments became one of the highlights of the event. Anupama shared her experience of working with Tharun Bhascker and director Badri. She said she enjoyed working with Tharun and also had a great time promoting the film with him. She even requested director Badri to write a similar character for her in another film.

Anupama said, "After hearing about Tharun's character, I felt that I should have been born as a boy. I even asked Badri to write a character like that for me. I had a blast working with Tharun, and promoting the movie with him was equally enjoyable."

She also said that she could easily connect with Tharun because their thoughts and ideas were very similar. She praised him for being himself and asked him to continue the same way. Usually, she chooses films based on their stories and characters, but this project was different. She added that she liked Badri's honest and natural approach to filmmaking. Their relationship also grew stronger during the making of the film. Although they had disagreements during the shoot, her respect for him increased.

The actress thanked the media, audiences, producers and technicians for supporting the film. She specially appreciated producer Jagan for his passion and dedication. She conveyed that she treated Crazy Kalyanam like his biggest project and never considered it a small film. She also praised the music director for making the songs an important part of the film's story. Anupama thanked the cinematography, production and direction teams for their hard work.

She appreciated her co-stars, including Akhil and Naresh, and said that Naresh's dedication to acting inspired her.

Anupama said the team worked hard to bring the film's release forward to the 16th. She expressed hope that audiences would enjoy the movie and remember their own families after watching it.
