CM Revanth promises study on Mudiraj community's BC-A status

Hyderabad, Oct 22 : Chief Minister A. Revanth Reddy said the Congress government was according top priority to the political empowerment of all Backward Class (BC) communities. He announced that a Cabinet sub-committee would be constituted to study the demand for including the Mudiraj community in the BC-A category.

"Due to a lack of accurate data, the Mudiraj community could not be reclassified from the BC-D to the BC-A category. We will discuss the issue at the next Cabinet meeting and constitute a Cabinet sub-committee to conduct a comprehensive study," he said.

Observing that the Mudiraj community constituted the largest population group in his Kodangal constituency, the Chief Minister praised its members for their trustworthiness.

Participating in the birth anniversary celebrations of Pandaga Sayanna Mudiraj at Ravindra Bharati in Hyderabad on Thursday, Revanth Reddy recalled that after becoming Telangana Pradesh Congress Committee (TPCC) president, he had appointed Srihari Mudiraj as a District Congress Committee (DCC) president, given him a party ticket and subsequently inducted him into his Cabinet as a Minister. He also cited the party's decision to field another Mudiraj leader, Neelam Madhu, in the Lok Sabha elections.

The Chief Minister asked Minister Ponnam Prabhakar to take up the issue with TPCC president Mahesh Kumar Goud and explore the possibility of providing an MLC ticket to a Mudiraj community representative.

"It is my responsibility to ensure that the Mudiraj community becomes a partner in the government," he said. Revanth Reddy also stressed the need to address misconceptions and concerns expressed by other caste groups over the proposed inclusion of the Mudiraj community in the BC-A category. Revanth Reddy paid tributes to Telangana's prominent fighters Chakali Ailamma, Doddi Komuraiah and Pandaga Sayanna.

He announced that statues of Sayanna and Doddi Komuraiah would be installed on Tank Bund soon. He also recalled the contributions of revolutionary balladeer Gaddar and poet Ande Sri to society.

Recalling Sayanna's struggle against feudal oppression, the Chief Minister said he had stood up to landlords who attempted to seize his land during the Nizam's rule. At a time when feudal landlords, locally known as Doras, allegedly encroached upon the lands of the poor, Sayanna supported marginalised people and organised resistance against the feudal forces, he said.

Sayanna was also remembered for extending financial assistance to poor families to help them arrange marriages for their daughters. When he was arrested by the Nizam's police, the then Maharani of Wanaparthy reportedly paid a substantial sum to secure his release.

Describing Sayanna's killing as unjust, Revanth Reddy said his legacy continued to endure more than a century after his death, with songs celebrating his life still being sung during sowing and harvesting seasons.

The Chief Minister said the next general elections would be crucial for the country and called for people's support to Rahul Gandhi, stating that the political empowerment of Bahujans would be possible when he became Prime Minister. He said it was important for everyone to stand by Rahul Gandhi at this crucial juncture.

Union Minister G. Kishan Reddy, party MPs, MLAs and other leaders also paid tributes to Komaram Bheem, raising slogans such as "Johar Komaram Bheem" and "Bharat Mata Ki Jai".

Ramchander Rao recalled that Komaram Bheem had fought against the Nizam's tyrannical rule for tribal rights, land and freedom under the slogan "Jal, Jungle, Zameen" (Water, Forest, Land). He said the freedom fighter's legacy continued to inspire people during Telangana movements and in their everyday lives.

The BJP state president criticised the Congress government over what he described as neglect of development in agency and tribal areas.

He pointed to inadequate medical facilities, roads and schools, besides raising concerns over the roster system for reservations for Scheduled Tribes (STs).

Social justice remains Congress priority: Vakiti

Hyderabad, Oct 22: Honouring great personalities, upholding the self-respect of marginalised communities and translating social justice into action are the guiding principles of the Congress government, Minister for Animal Husbandry Vakiti Srihari said.

Participating in the 174th birth anniversary celebrations of Panduga Sayanna at Ravindra Bharathi in Hyderabad on Thursday, the Minister said the government was committed to the uplift of the Mudiraju community in keeping with the ideals of the legendary figure.

He said the Congress government was bringing the contributions of great personalities such as Panduga Sayanna to public attention by officially organising their birth and death anniversary programmes.

Criticising the previous government for failing to organise such programmes, he said the Congress government had accorded due recognition to Panduga Sayanna after coming to power.

Vakiti Srihari said achieving social justice required identifying the problems faced by every caste and ensuring a fair share of opportunities and benefits in accordance with its population and socio-economic conditions. In line with Rahul Gandhi's vision, the Congress government had undertaken a caste census in the State, he said, adding that the party was committed to ensuring equal opportunities and a fair share for all sections of society.

The Minister said the government had the commitment and courage to address the Mudiraju community's demand for shifting it from the BC-D to the BC-A category.

While the government was determined to ensure justice for the Mudirajus, it was equally responsible for finding a solution that would not cause any loss or hardship to the fishermen community already included in the BC-A category, he added.

BRS demands fresh probe into suspected blast at Medigadda barrage

Hyderabad, Oct 22: The Bharat Rashtra Samithi (BRS) has demanded a fresh, technically backed investigation into allegations that an explosion caused the 2023 structural damage to the Medigadda barrage's seventh pier.

Addressing reporters at Telangana Bhavan, BRS General Secretary RS Praveen Kumar announced that the party plans to formally petition the State Director General of Police (DGP) to form a Special Investigation Team (SIT).

Praveen Kumar criticised the closure of the initial case in 2025 as "undetected," pointing out that three years have passed since Assistant Engineer Ravikanth filed a complaint at the Mahadevpur police station regarding a loud explosion near Pier No. 20. He stated the original report warranted forensic evaluation by a bomb squad and technical agencies.

"Even three years after a complaint alleging a suspected explosion to damage the Medigadda barrage, the government has failed to identify those responsible," Kumar said, alleging that the ruling Congress government's inaction strengthens suspicions of a broader conspiracy.

Additionally, the BRS leader called on investigators to scrutinise the call detail records (CDRs) of Union Minister G. Kishan Reddy and BJP MP Bandi Sanjay.

Beyond the barrage issue, Praveen Kumar accused the Congress-led state administration of neglecting farmers during El Niño-induced drought conditions and failing to utilise existing irrigation infrastructure.

Amit Shah Tells Rahul: Congress Out of Power for 30 Years

New Delhi, Oct 22 : Union Home Minister Amit Shah on Thursday launched a scathing attack on Leader of Opposition in the Lok Sabha Rahul Gandhi, taking a jibe at his "foreign visits" and saying that Congress "won't get a chance to return to power for the next 30 years". HM Shah made the remarks at the inauguration and foundation laying of the Yamuna revival projects in New Delhi.

Addressing a gathering, he said: "The country has realised Rahul ji that you and your associates want to protect the votes of the illegal infiltrators under the garb of 'vote chori' allegations." Reiterating his previous remark, HM Shah told the Congress party that even before the BJP-led NDA came to power at the Centre, the grand old party was already out of power in many states. Referring to Rahul Gandhi previously questioning HM Shah's confidence in the BJP's victory in polls, he said: "When I say that the BJP will remain in power for the next 30 years... They tell the public, 'Look, this is vote theft; otherwise, how would Amit Shah know?" Taking a dig at the LoP's purported foreign visit, the Home Minister said, "Amit Shah was born here, lives here, and will die here. I do not have to travel abroad every six months; I remain among the people of this country. Given the kind of negative politics you are pursuing, your government will never be formed. Remember my words for the next 30 years."

Further, he underlined that elections were held in Kerala with the same voter lists, Election Commissioner and EVMs.

"You (Congress-led alliance) took the oath. Since you won the election, the ECI was good. You won in Telangana, so the ECI and voter list were good. You won in Himachal Pradesh, so the ECI and voter list were good there, too. In Tamil Nadu, the people you supported won, so the ECI and voter list were good. But wherever you lose, the ECI is not acceptable," HM Shah said.

Adding to the criticism, he said, "If courts deliver verdicts in your favour, they are good. If they rule against you, they are not acceptable. These double standards will not work, Rahul ji. The public has understood you. You cannot gather party cadres from neighbouring states, stage protests in Delhi, and reject the people's mandate. People of this country are watching you and know what you are doing."

The Home Minister was referring to the INDIA bloc's protests against Chief Election Commissioner Gyanesh Kumar over alleged irregularities in the Special Intensive Revision (SIR) of electoral rolls.

"I know you cannot hear my voice because you are sitting somewhere abroad. You do not even explain why you are there. But that is fine; it is your personal life. However, once you land in Delhi, remember my words: you will not get another chance to come to power for the next 30 years. You will not," HM Shah remarked.

Amit Shah also lashed out at the Aam Aadmi Party (AAP) while referring to the Yamuna River pollution.

TN Caps Ministers' Car Cost at ₹26 Lakh, MLAs' at ₹15 Lakh

The Tamil Nadu government has fixed a ceiling of Rs 26 lakh for purchasing official cars for ministers and senior legislative functionaries, while setting a Rs 15 lakh limit for other MLAs under revised rules governing vehicle entitlements. The changes have been notified through a new gazette amending the travelling allowance rules applicable to members of the Tamil Nadu Legislative Assembly.

The notification lays down purchase limits, procurement procedures, ownership arrangements and conditions for returning government vehicles. Apart from ministers, the Rs 26 lakh ceiling will apply to the Speaker, Deputy Speaker, Leader of the Opposition and Government Chief Whip. All other Assembly members will be eligible for vehicles costing up to Rs 15 lakh. The prescribed limits cover the total purchase cost, including the vehicle's ex-showroom price, taxes, registration charges and motor insurance premiums. These expenses must therefore be accommodated within the applicable ceiling, rather than treated as additional payments. The government order also provides for a five per cent annual increase in the purchase ceilings, allowing the permissible expenditure to rise each year.

Memorandum Submitted to Housing Department Special Chief Secretary

Telangana Essence Reporter Avvari Venkateswara Sarma, LB Nagar, Hyderabad, October 22: A group of BRS MLAs from the Greater Hyderabad Municipal Corporation (GHMC) limits on Thursday met Telangana Housing Department Special Chief Secretary V.P. Gautham and submitted a memorandum urging the government to prevent irregularities in the allotment of double-bedroom houses and ensure that beneficiaries are selected transparently through a lottery system. MLAs representing the LB Nagar, Kukatpally, Quthbullapur, Malkajgiri, Uppal, Amberpet and Maheshwaram constituencies brought alleged irregularities in their respective areas to the attention of V.P. Gautham. They presented evidence alleging that double-bedroom houses were being allotted arbitrarily, without following a lottery system, based on recommendations from ministers and officials rather than prioritising genuinely poor and eligible applicants. They also alleged that leaving the selection of Indiramma Committees to the discretion of local Congress leaders would cause severe injustice to deserving poor families. LB Nagar MLA Devireddy Sudheer Reddy warned that the BRS would not tolerate the diversion of double-bedroom houses meant for the poor to ineligible beneficiaries through irregular means. He said that applicants who had applied for double-bedroom houses during both the previous government's tenure and the present government's tenure would be mobilised to lay siege to the Secretariat if the irregularities continued. Former minister and MLA P. Sabitha Indra Reddy, along with MLAs Madhavaram Krishna Rao, Vivekananda, Lakshma Reddy, Kaleru Venkatesh and Marri Rajasekhar Reddy, among others, participated in the programme.

Telangana lacks governance: Akula Srivani slams state government

- Saroornagar BJP former corporator Akula Srivani criticizes the Revanth Reddy government

Telangana Essence Reporter Avvari Venkateswara Sarma, LB Nagar, Hyderabad, October 22: Saroornagar BJP former corporator Akula Srivani alleged that there is a complete lack of governance in Telangana, stating that there is no assurance for jobs, no support for businesses, no security for people, and no confidence in the availability of drinking water.

Referring to Chief Minister Revanth Reddy's appeal for people to use water carefully due to the El Niño impact, she questioned whether the government had fulfilled its responsibility by making adequate advance preparations instead of merely advising citizens to conserve water.

Srivani posed a direct question to both former Chief Minister K. Chandrashekar Rao and Chief Minister Revanth Reddy: "What steps did you take to preserve rainwater when it was available?"

Citing groundwater data from Rangareddy district, she said the average groundwater depth had increased from 6.31 metres in September 2025 to 11.74 metres in September 2026, indicating that the water table had fallen by nearly 5.5 metres within a year.

She questioned what safeguards had been created to tackle such a serious situation and asked whether:

- Recharge pits in apartment complexes are functioning properly.
- Rainwater inflow channels to lakes have been protected.
- Measures have been taken to prevent sewage from mixing with stormwater drains.
- Treated wastewater is being reused for other purposes.

Srivani asserted that merely announcing projects does not amount to governance, adding that ensuring water security for the people is the true measure of administration. She said both KCR and Revanth Reddy must be held accountable for what they have done and what they have failed to do. While acknowledging that El Niño is a natural challenge, she maintained that preparing to face such challenges is the government's responsibility.

She also urged citizens to use water responsibly, prevent leakages, maintain recharge pits, and continue questioning governments while fulfilling their own civic responsibilities.

"Rainfall may not be in your hands, but creating a system to conserve the rainwater that falls certainly is," she said.

Criminal History of the Lawrence Bishnoi Gang

On Sunday, October 18, 2026, at around 7 pm, two unidentified men opened fire on a car in which Tiger Shroff was travelling near Pushpa Nursey Park, also known as Jamnabai Nursery, in Juhu area of Mumbai. A third person, a motorbike driver, also participated in this attack. It is no exaggeration to say that the incident shocked not only Bollywood but also the common people of this country. It is surprising to hear information from those who suspected to be linked to Bishnoi gang, related sources say that they are the reason for this attack. Along with the car driver, another person was also injured in this shooting, and Tiger Shroff was thrown out with minor injuries after being hit by the glass pieces of the car. The accused assailant was seen fleeing on a motorcycle in CCTV cameras. The police have arrested three people in Kota, Rajasthan, in connection with this shooting, and the investigation is ongoing.

Blackbuck Hunting Controversy of Salman Khan :

The dispute between Salman Khan and Lawrence Bishnoi began in 1998. We saw the news about the case of Salman Khan hunting a blackbuck during the shooting of the movie "Hum Saath Saath Hai". According to the customs of the Bishnoi community, it is customary to consider the blackbuck as their sacred animal. Lawrence thought that Salman had committed a big mistake by hunting the blackbuck, which is worshipped by their community, and took it seriously, attempted to assassinate Khan, and increased police protection for Salman. On 14 April 2024, two assailants on a bike opened fire outside Salman's residence Galaxy Apartments in Bandra.

We know that on 12 October 2024, NCP leader Baba Siddiqui was shot dead by the Bishnoi gang in Bandra because he was a close friend of Salman. On 01 February 2026, five rounds of firing were fired at the residence of director Rohit Shetty. In May-June 2026, a Pune businessman was shot at and threatened in a Mumbai furniture shop and tried to extort about Rs 50 crore. We are seeing Bishnoi gang sources warning that people associated with Salman Khan will face a similar fate. It is shocking that Salman Khan immediately demanded an unconditional apology from Lawrence as well as the Bishnoi civil society. They continue to threaten that anyone who disregards their words will have to face such situations. Today, there is a public debate that it is ironic and shameful for the government to continue their criminal activities by appointing new shutters despite the fact that 56 criminals from the Bishnoi gang are in prison.

Birth and expansion of Lawrence Bishnoi gang:

Lawrence, a member from the Bishnoi community, was born on 12 February 1993 in a wealthy family in Dhattaranwali village of Ferozepur district of Punjab. His father worked in the police department. In 2010, while studying at Panjab University, Chandigarh for higher studies, Lawrence Bishnoi, who won the student union election for the year 2011-12, gradually registered criminal cases such as attempted murder, illegal entry, and assault. This criminal history gradually increased and he became a big criminal. Lawrence Bishnoi started his criminal career in the late 2000s and was arrested and imprisoned in 2015 shortly after, and from there he expanded his criminal network. Today, the Bishnoi gang, which has spread to several major cities in 11 states across India, is continuing its violent activities in countries like Canada and America. Lawrence's criminal talent is evident in the fact that he runs this syndicate from prison with the help of associates like Golti Brar. Several cases have been registered against Lawrence, who has been involved in many crimes. In the last two years, he has committed more than 10 serious crimes targeting big businessmen in the cities of Mumbai and Pune, threatening and extorting money.

At a time when the government is facing allegations of failure to crack down on the Lawrence Bishnoi gang, which is carrying out well-planned crimes from Sabarmati Jail in Gujarat, the incident of shooting at Tiger Shroff reflects the government's helplessness. There are also those who say that the incident of shooting at Tiger Shroff was done by Tiger for publicity and fame. Civil society wants such hardened criminals to be brought to book and pave the way for peace.
